

Founded in 1972 and located in Lancaster County, The Gate House is a non-profit organization providing community-based drug and alcohol treatment programs to clients with severe addictions and related issues such as homelessness, legal involvement, mental health issues, family separation, and physical health complications.

The Gate House is uniquely positioned to respond to the devastating heroin crisis and opioid epidemic plaguing our communities. We are the only drug and alcohol treatment provider in Lancaster County offering a continuum of care in community-based treatment services ranging from long-term residential care in our halfway houses, to outpatient counseling, to supportive transitional living in recovery residences.
